

## Company-Sponsored International MSc program

Would you like a career in the Poultry sector working for an international company in **Poland**?  
Are open to learning a new language and facing interesting challenges?

**If so, this offer is for you!**

We are offering a Company-Sponsored Master's degree in apprenticeship with a major **French Poultry Production and Transformation Company**

### Successful candidates will

- spend **two years in France** - Depending on your current level of French up to 6 months of intensive French lessons in advance of the program
- receive **high level training in technical and managerial competencies** and **learn a new language** (French)
- have **all expenses** (travel, tuition, insurance) **costs covered**
- **study half time at ESA** and **work half time in the company with a tutor**
- successful graduates **earn a Master of Science in Engineering** from Ecole Supérieure d'Agricultures Angers Loire (ESA)
- **Be need to be willing to work for a minimum of two and a half years in the sponsoring company in Hungary after the program in France**

The program is managed by ESA, a major institution of higher education in the field of Life Sciences in France.

Successful completion of the program earns an entry-level management position in the sponsoring company's industrial site in Hungary after the end of the program.

### **Requirements:**

Candidates must have:

- a BSc or an MSc in **Animal Sciences, Food Sciences, Microbiology, Biotechnology**
- a strong motivation for a career in industry - and especially in the poultry meat industry
- a desire to learn new cultures and a new language (French)
- a real capacity to overcome challenges and to develop new competencies
- an experience abroad would be appreciated
- a good level of English (B2 – equivalent of 700 points in TOEIC)
- **PLEASE NOTE: NO FRENCH REQUIRED TO APPLY**

**You must be under 25 on September 1<sup>st</sup> 2020 to apply.**

### **Application process:**

Applications online to ESA at <https://olage.groupe-esa.com>

Click: I<sup>2</sup>FA program: Engineer-Master's Degree - Sandwich Course: Company Sponsored

**Deadline: February 3<sup>rd</sup> 2020. Only fully completed application files will be examined.**

**The selection process is in two steps.** ESA will examine your application and will contact you for a first interview in English by one of their team. If ESA decides you are a solid candidate we will pass your file on to the company.

*ESA will arrange company **interviews in Poland in late February 2020**. The company makes the final choice. The program begins at the beginning of April 2020 for those who need French lessons and late July 2020 for French speakers.*
