

Professor Mahendra Rai from Sant Gadge Baba Amravati University, Amravati, Maharashtra, India

Professor Mahendra Rai is UGC- Basic Science Research Faculty Fellow and former head of the Department of Biotechnology, Sant Gadge Baba Amravati University, Amravati, Maharashtra, India. Presently, he is visiting Scientist at the Department of Microbiology, Nicolaus Copernicus University, Toruń, Poland.

His main research interest is green synthesis of metal nanoparticles particularly using fungi and their applications as nanoantimicrobials against pathogenic microbes. His research is highly interdisciplinary and combines microbial biotechnology with nanotechnology.

Recently, he has Featured in Stanford's list of top 2% Indian scientists in Nanoscience and nanotechnology
