

ANNOUNCEMENT 1

Julian Aleksandrowicz Polish Society for Magnesium Research

and

University of Life Sciences in Lublin

We are pleased to invite you to participate in

18th International Conference of the Julian Aleksandrowicz Polish Society for Magnesium Research

***„The importance of chemical elements in various aspects
of human life”***

October 16-18, 2023

Lublin, Poland

**The conference is organized under the patronage of the Rector
of the University of Life Sciences in Lublin**

The aim of the conference is to exchange knowledge and experience on the role of bioelements in various areas of life, to bring together researchers using a variety of chemical, physical and biological methods, to interest businessmen working in the area of bioelements. Therefore, the conference is an interdisciplinary event giving an opportunity to find new fields of cross-disciplinary cooperation.

The subject of the conference is the role of bioelements and bioactive compounds in the areas of medicine, veterinary, agriculture, food science, ecology and other life and environmental sciences.

Official language of the conference is Polish and English. The scientific program of the conference will include oral presentations and e-posters. Abstracts and e-posters are to be prepared in English.
