**Surgical room  
Bonematrix clinic**

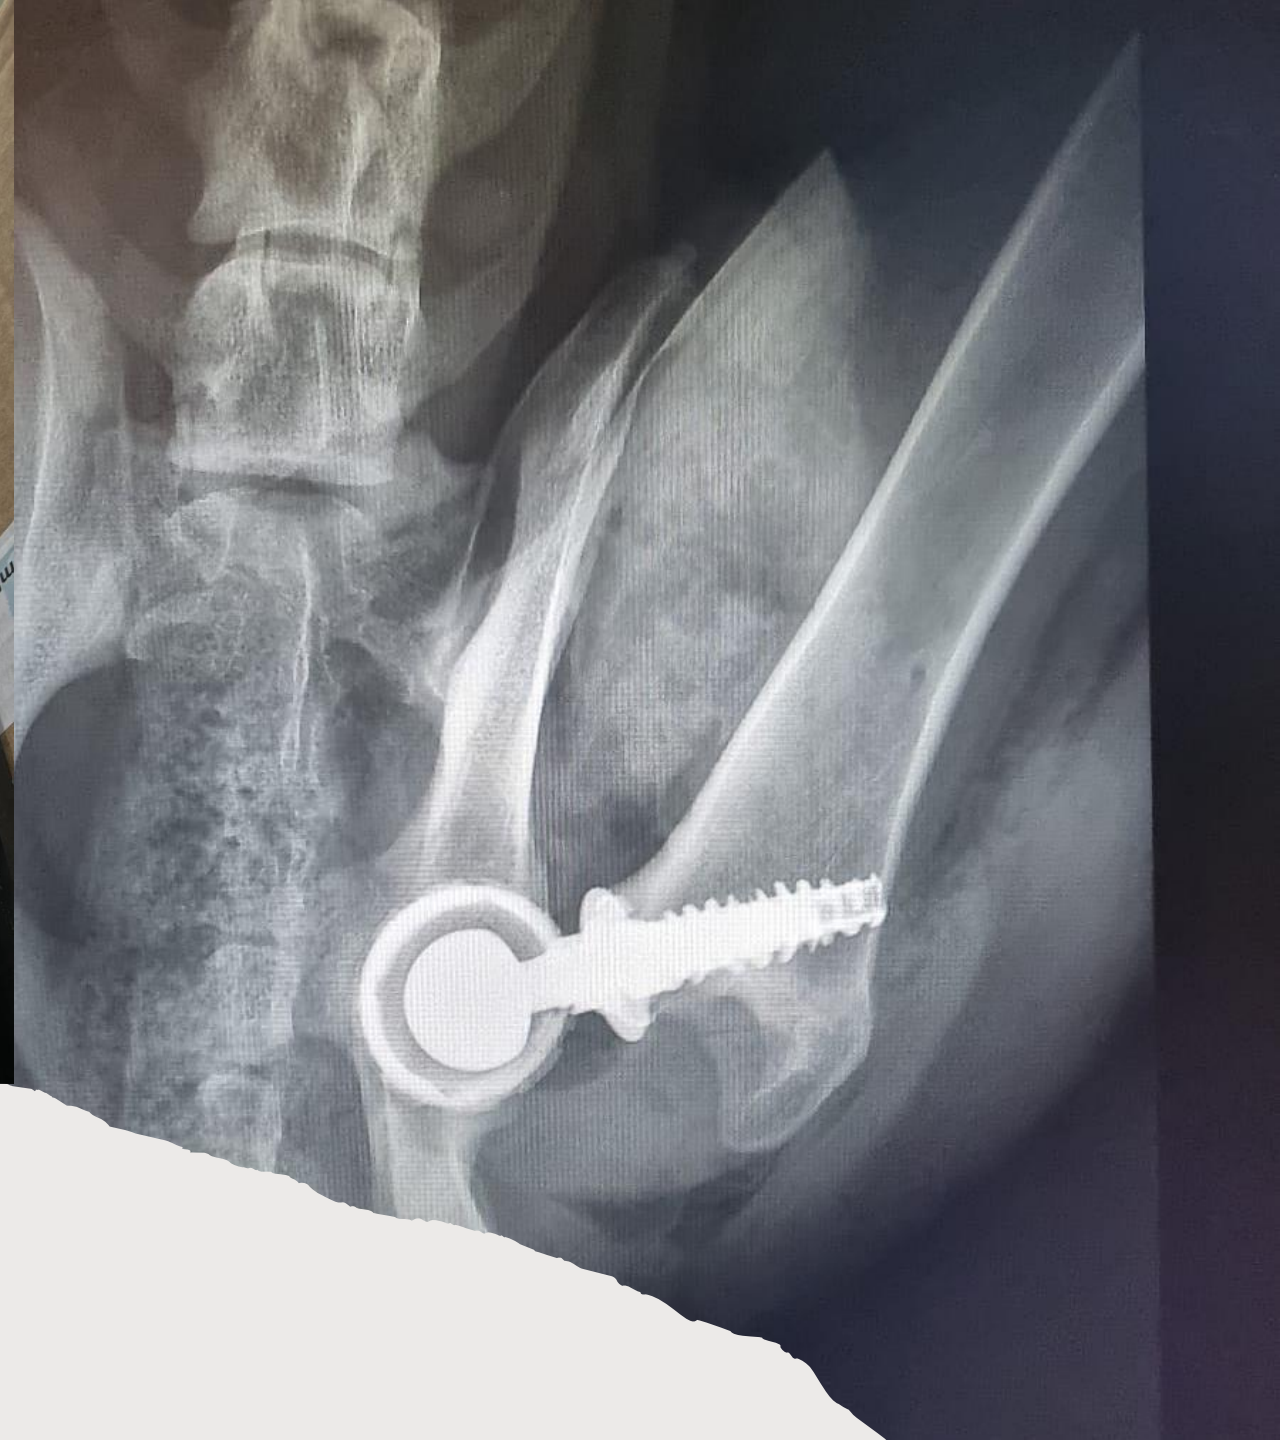

**Practicing and assisting surgical procedures**

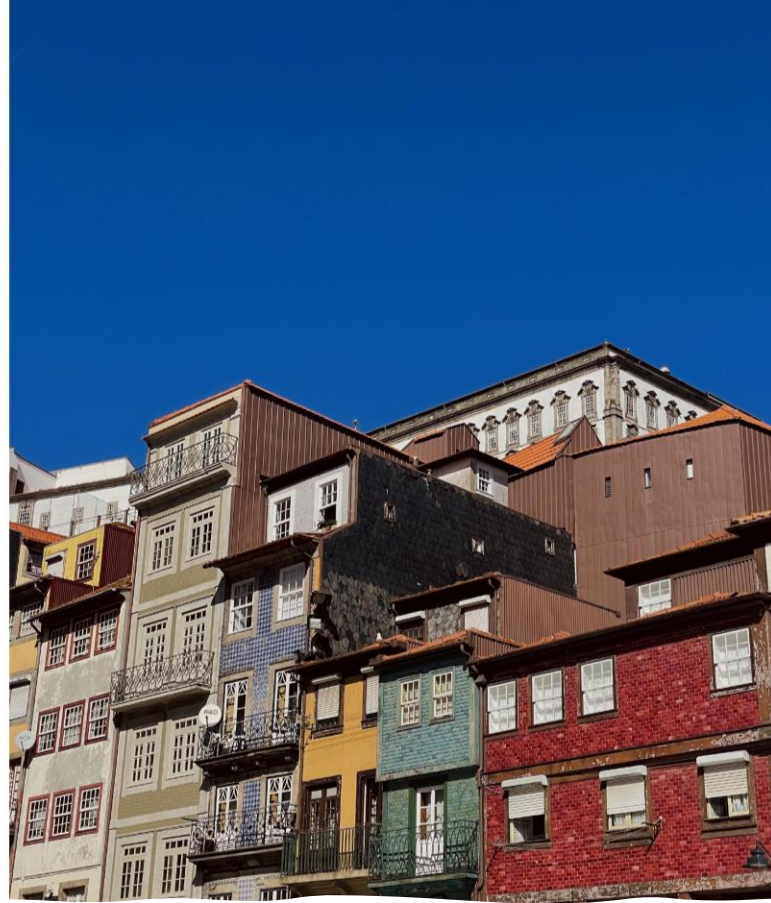

# Diagnostyka RTG

**Hip replacement**

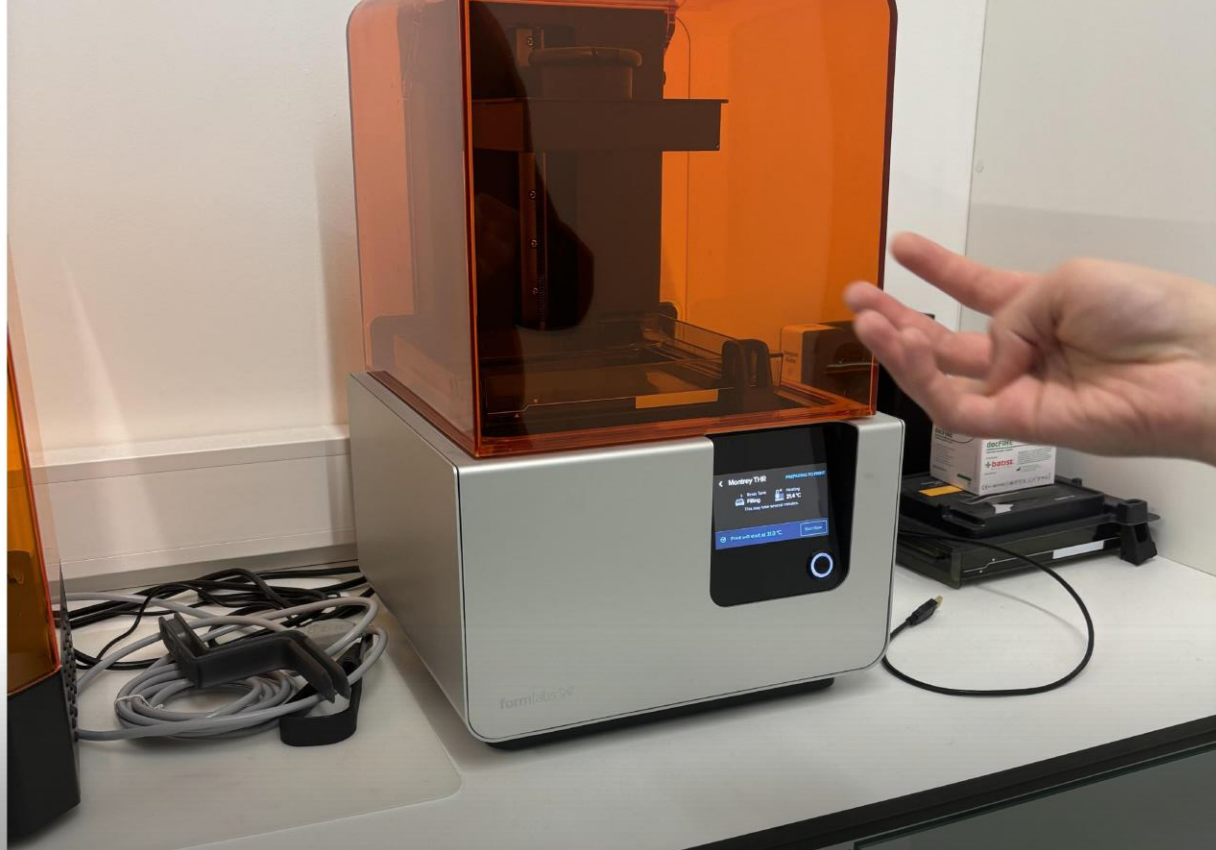

# Old city Porto

**Porto beaches**

# Druki 3D

# Assisting in the reduction of multiple fragmented fracture of humerus

My veterinary internship at Bonematrix clinic was an invaluable and transformative experience that enriched my knowledge, skills and perspective on veterinary medicine. I am deeply grateful for the opportunities this has afforded me and look forward to applying these lessons to my future career as a veterinarian. I recommend everyone to take up the challenge and opportunities that come with an international internship, which gives you the opportunity to return home with a broader perspective and deeper understanding of veterinary medicine as well as improving your language skills.
