

Announcement of recruitment of participants for the Winter School "The potential of cold plasma for the sustainable development of agriculture", which will take place on 19-23.02.2024 in České Budějovice (Czech Republic) as part of the project entitled "Key, long-term cooperation for the development of an innovative, ecological approach to the production of biostimulants" implemented in the NAWA Strategic Partnerships program

The main organizer is the University of South Bohemia in České Budějovice. Recruitment is carried out in accordance with the regulations and continues until the places are filled + reserve places. The number of places in the recruitment is 28 + reserve places.

The acceptance of the application to participate in the event is decided by the order of applications.

People interested in participating are asked to apply in person to the project manager, prof. Sławomir Kocira: Lublin, ul. Głębocka 28, by phone +48 81 5319735 or by e-mail to slawomir.kocira@up.lublin.pl. Applications can also be submitted to PhD. Andrea Bohata in person (Faculty of Agriculture, USB České Budějovice) or by e-mail to bohata@fzt.jcu.cz.
