

**ACADEMY IN PIOTRKÓW TRYBUNALSKI**  
**AND**  
**SCIENTIFIC CIRCLE 'LEGAL-ADMINISTRATIVE CLINIC'**  
**are honoured to invite you to participate in the**  
**I INTERNATIONAL SCIENTIFIC CONFERENCE**  
**'MODELS OF DISCIPLINARY PROCEEDINGS'**  
**which will take place**  
**26-27 June 2025**

The aim of the conference is to try to grasp the problems related to all possible models of disciplinary proceedings, looking for appropriate ethical attitudes in professional environments. The conference also aims to present the results of research and work on the problems of all models of disciplinary proceedings, in order not only to create the conditions for an exchange of views, but also to broaden the knowledge of the disciplinary procedure in all possible proceedings in order to sensitise the public to the consequences resulting from disciplinary responsibility for the violation of relevant ethical norms.

The intention of the conference is to enable discussion of issues related to diagnosing problems in possible disciplinary procedures from different perspectives. We hope that the scientific meeting will be a platform for sharing the knowledge from the conducted research, an opportunity to exchange views and a circumstance for interdisciplinary exploration of the issue of disciplinary responsibility in its broadest sense and the model of disciplinary proceedings based on it.

**After the conference, we will be looking forward to receiving your articles, which will make up a peer-reviewed monograph.**

**Thematic areas of the conference:**

- 1. the model of disciplinary proceedings in higher education**
- 2. the model for disciplinary proceedings in the legal professions**
- 3. the model of disciplinary proceedings in the uniformed services**
- 4. the model of disciplinary proceedings in administration**
- 5. the model of disciplinary proceedings in primary and secondary schools**

6. the model of disciplinary proceedings in the medical professions
