

Welcome in Lublin,
Poland

4th INTERNATIONAL CONFERENCE OF EDUCATION IN ANIMAL SCIENCES (ICEAS), LUBLIN, POLAND

Welcome to the 4th International Conference on Education in Animal Science (ICEAS 2025) – „**The cycle of stress: students, educators and animals**”, hosted in the historic city of Lublin, Poland. This year's conference, themed "Students, Educators, and Animals," promises a comprehensive exploration of the multifaceted impacts of stress within educational environments, extending its scope to include the well-being of animals. Join leading academics, researchers, and educators from **June 26–27, 2025**, for insightful discussions and collaborative advancements in understanding and mitigating stress across these critical domains.
